Re: Request for Information Pursuant to Section 104(e) of  
CERCLA [and Section 3007 of RCRA] for Powell Road  
Landfill hereinafter referred to as "the Site"

Dear Ms. Garypie:

Regarding the Powell Road Landfill investigative questionnaire, I unfortunately have answered "NOT PERTINENT" or "NOT OBTAINABLE" for most questions. C.S.I. and its employees have no knowledge pertaining to "the Site" and were not aware of the situation at hand during the mid-eighties.

We continue to use Safety-Kleen as our waste disposal service. We have no record to date of ever dumping waste into the Powell Road Landfill site. Safety Kleen incinerates or reclaims all volatile and/or hazardous waste used in our plant.

In viewing the questionnaire, I realized that answering it was an enormous project. Some information is obtainable, such as financial history for the previous five years, but it would take us a month and substantial amounts of money to obtain such records in an organized fashion. Until Coating Systems can be made aware of both the reason C.S.I. is being questioned and the intended use of this information, I have been instructed not to proceed further.

I appreciate all the insight to this matter and I am anxious to settle this issue.

Sincerely,
